Located at 4171 Crescent Drive, 63129, Suite 202

Session cost: \$30/session (payments made monthly) + \$10 one-time materials fee

Module 1 (Mindfulness and Interpersonal Effectiveness) begins July 23

Module 2 (Mindfulness and Emotion Regulation) begins September 10

Module 3 (Mindfulness and Distress Tolerance) begins October 29

OVERVIEW

Life is often unpredictable and there are plenty of situations that are outside of your control.

This group is about teaching you the skills to help manage what you can control...your response to what life throws your way! We will teach you skills to:

- Grow in your self-awareness
- Navigate social interactions in healthy ways to promote positive relationships
- Proactively avoid impulsive emotional reactions and behaviors you later regret
- Effectively tolerate distressing events when you cannot change your circumstances

EVERYONE can benefit from this group and we have high hopes that you will learn skills that can help you be more content and confident as you navigate life.

SCHEDULE

Group will meet every Tuesday from July 23 - December 10. Space allowing, new members can join at the beginning of the next available module. We promise to commit this time to helping you. We hope that you will commit to making Tuesday evenings your time to learn and grow. Outside of extenuating circumstances, group members commit to this group until the end of Module 3 (December 10). Members starting in Module 2 or 3 are strongly encouraged to attend missed modules the next time the group is offered beginning January 2020.

COST

Cost is \$30 for each 2-hour group session. There is an additional one-time \$10 materials fee that can be waived if you bring your own 1" Binder, blank paper and tabbed dividers.

Payments will be charged monthly at the beginning of each month in person or to the credit card on file. You can also pay via cash or check (this is preferred) by the first session of each month. We do this for two reasons. First, we hope it will be a motivator to show up to group regardless of how you feel. Second, your contribution helps your fellow group mates. By paying your bill, you help keep the cost down for everyone! You matter to the other people in your group, not just in emotional connection, but also in financial contribution. If monthly payments are a financial hardship, please let us know.

OTHER REQUIREMENTS

We ask that group participants also regularly meet with an individual counselor to process individual application of group skills. If you do not have an individual counselor, we would be glad to help you find one that fits your needs and your budget.

Please let us know if you have any questions.
